

AppCompatActivity

```
classDiagram
    class AppCompatActivity
    class TutorialActivity["org.buildmlearn.toolkit.activity.TutorialActivity"]
    TutorialActivity --|> AppCompatActivity
```

The diagram illustrates a class hierarchy. At the top is the 'AppCompatActivity' class, represented by a white box with a thin purple border and two empty internal compartments. Below it is the 'org.buildmlearn.toolkit.activity.TutorialActivity' class, represented by a grey box with a thick black border and two internal compartments. The bottom compartment of the grey box contains the text '# onCreate()'. A blue arrow with an open triangular head points from the top of the grey box to the bottom of the white box, indicating that TutorialActivity inherits from AppCompatActivity.

org.buildmlearn.toolkit.activity.
TutorialActivity

onCreate()
